5 GETLINU STREET, RUMBULA, STOPINU DISTRICT

- The real estate is located in Stopiņu district, Getliņu Street, a place where industrial construction is very common - most of the production/ warehouse type buildings were built in the last 10 - 15 years
- The property consists of a land plot and a production/ warehouse building with the administrative part, as well as auxiliary buildings located in the territory**
- The land has a flat terrain. The whole territory of the real estate is divided into two relative parts -fully developed part of the territory ~ 17,000 sqm (the area containing the building and asphalted parking lots, pile sites, driveways) and part of the territory with an area of ~ 10,000 sqm, which is without facilities and is in fact partially exploited
- The whole territory of Getliņi 5 is fenced, guarded and illuminated during the dark hours of the day. A guard house is installed at the entrance. A metal construction gate has been installed for entry. The part of the territory with buildings is fully landscaped - spacious areas for parking and convenient access to buildings are paved with asphalt
- The building has two parts: a 2-storey administrative part of the building and a 1-storey production/ warehouse part.

15 GENERALA RADZINA KRASTMALA, RIGA

- The property has a unique location on the bank of the River Daugava. Already from the 2nd floor windows of the building open a charming panoramic view of the river, bridges, Lucavsala, Kipsala and Old Riga
- Currently, a hotel project has been prepared for the further development of the building. However, the internal walls have not been yet created, so the design of the building can be still changed in order to use the building for other purposes
- However, before the hotel project another project has been prepared for the building: commercial premises on the 1st floor, offices from the 2nd to the 4th floor and apartments from the 5th to the 7th floor. On average, each floor approximately 380 sq.m
- At the moment - all works are suspended. The building is unfinished and works are frozen
- It is estimated that at least EUR 850 000 have to be invested to complete the project (EUR 150 000 for utilities, around EUR 600 000 for internal works and around EUR 100 000 for asphaltting and site improvement).
